# TABELLA CODICI
# TABLE DES CODES
# KODETABELLE

# TABLA DE CÓDIGOS
# TABELA DE CÓDIGOS
# KODESKEMA
# CODETABEL

**Rules for modification codes**

Identify the 3 mid digits (=SERIES) of the serial numb
er of your machine. Eg.: 165102032

Modification codes begin with:
C for a part number valid UNTIL series ...,
F for a part number valid FROM series ... UNTIL series ...,
D for a part number valid FROM series ... ONWARDS.

Example:
C092: part number valid until series 092
F093109: part number valid between series 093 and 109
D110: part number valid from series 110 onwards
If your machine has serial number 165102032, choose the
second part number in our
example since 102 is between 093 and 109.

**Explicación de los códigos de modificación**

Identifique las tres cifras centrales (=SERIE) del número de
serie de la máquina. Ej.: 165102032

Los códigos de modificación inician con:
C para el número de pieza válido HASTA la serie ...,
F para el número de pieza válido DESDE la serie ... HASTA la serie...,
D para el número de pieza válido A PARTIR DE la serie ...,

Ejemplo:
C092: número de pieza válido hasta la serie 092
F093109: número de pieza válido entre las series 093 y 109
D110: número de pieza válido a partir de la serie 110
Si su máquina presenta el número de serie 165102032, escoja
el segundo número de pieza de nuestro ejemplo, ya que el 102
se encuentra entre 093 y 109.

**Spiegazione dei codici di modifica**

Identificate le 3 cifre centrali (=SERIE) del numero di serie della
macchina. Es.: 165102032

I codici di modifica iniziano con:
C per numero di particolare valido FINO alla serie ...,
F per numero di particolare valido DALLA serie ... FINO alla serie ...,
D per numero di particolare valido DALLA serie ... IN AVANTI.

Esempio:
C092: numero di particolare valido fino alla serie 092
F093109: numero di particolare valido tra le serie 093 e 109
D110: numero di particolare valido dalla serie 110 in avanti
Se la vostra macchina ha il numero di serie 165102032, scegliete
il secondo numero di particolare nel nostro esempio, dato che 102
si trova tra 093 e 109.

**Explicação para os códigos de modificação**

Identifique os 3 dígitos centrais (=SÉRIE) do número de série
da sua máquina. Ex.: 165102032

Os códigos de modificação começam com:
C para número de peça válido ATÉ à série ...,
F para número de peça válido DA série ... ATÉ à série ...,
D para número de peça válido DA série ... EM DIANTE.

Exemplo:
C092: número de peça válido até à série 092
F093109: número de peça válido entre as séries 093 e 109
D110: número de peça válido da série 110 em diante
Se o número de série da sua máquina for 165102032, seleccione
o segundo número de peça no nosso exemplo, visto que 102
está entre 093 e 109.

**Explication des codes de modification**

Identifiez les 3 chiffres au centre (=SERIE) du numéro de série
de la machine. Ex. : 165102032

Les codes de modification commencent par :
C pour un numéro de pièce valable JUSQU'A la série...,
F pour un numéro de pièce valable DE la série ... JUSQU'A la série...,
D pour un numéro de pièce valable A PARTIR de la série..

Exemple :
C092 : numéro de pièce valable jusqu'à la série 092
F093109 : numéro de pièce valable entre les séries 093 et 109
D110 : numéro de pièce valable à partir de la série 110
Si votre machine a le numéro de série 165102032, choisissez le
second numéro de pièce comme sur notre exemple, vu que 102
se situe entre 093 et 109.

**Retningslinier for ændringskoder**

Find frem til de 3 midterste cifre (=SERIEN) i maskinens
serienummer (eksempelvis 165102032).

Ændringskoderne begynder med:
C for art. nr. gældende TIL serie ...
F for art. nr. gældende FRA serie ... TIL serie ...
D for art. nr. gældende FRA serie ... FF.

Eksempel:
C092: art. nr. gældende til serie 092
F093109: art. nr. gældende fra serie 093 til serie 109
D110: art. nr. gældende fra serie 110 ff.
Vælg det andet art. nr. i vores eksempel, hvis maskinen
har serienummer 165102032, idet tallet 102 er mellem
093 og 109.

**Erläuterungen zu den Änderungscodes**

Ermittlung der 3 zentralen Stellen (=SERIENNUMMER) der
Baureihennummer der Maschine. Bsp.: 165102032

Die Änderungscodes beginnen mit:
C für die Teilnummer, dessen Gültigkeit BIS zur Serie ... besteht,
F für die Teilnummer, dessen Gültigkeit AB der Serie ... BIS zur Serie ... besteht,
D für die Teilnummer, dessen Gültigkeit AB der Serie ... und für die
DARAUF FOLGENDEN Serien besteht,

Beispiel:
C092: bis zur Serie 092 gültige Teilenummer
F093109: zwischen den Serien 093 und 109 gültige Teilenummer
D110: für die Serie 110 und die darauf folgenden Serien gültige Teilenummer
Ist Ihre Maschine mit der Baureihennummer 165102032 versehen, so
wählen Sie die zweite Teilenummer aus unserem Beispiel, da 102 zwischen
093 und 109 liegt.

**Uitleg van de aanpassingscodes**

Stel de 3 middelste cijfers (=SERIE) van het serienummer
van de machine vast. Bijv.: 165102032

De aanpassingscodes beginnen met:
C onderdeelnummer dat geldt TOT de serie ...,
F onderdeelnummer dat geldt VANAF de serie ... TOT de serie ...,
D onderdeelnummer dat geldt VANAF de serie ... .

Voorbeeld:
C092: onderdeelnummer dat geldt tot de serie 092
F093109: onderdeelnummer dat geldt voor de series tussen
093 en 109
D110: onderdeelnummer dat geldt vanaf de serie 110
Heeft uw machine serienummer 165102032, kies dan het tweede
onderdeelnummer uit ons voorbeeld, aangezien 102 zich tussen
093 en 109 bevindt.
